- ☐ Tires
- ☐ Horn
- ☐ Windshield wipers
- ☐ Rearview mirrors
- ☐ Coupling devices
- ☐ Wheels and rims
- ☐ Emergency equipment
- ☐ Other

Defect details (component, location, and affected unit)

Reporting driver sign-off

Reporting driver name

Reporting driver signature

Carrier certification, when applicable

○ Defects repaired ○ Repair unnecessary ○ See defect-by-defect notes

Before the vehicle is driven again, repair safety-affecting defects and certify every listed defect.

Repair or reason repair is unnecessary for each listed defect

Carrier representative name

Carrier representative signature

Certification date

Next driver review, when required

Before driving, I confirmed the vehicle was safe, reviewed the last required DVIR, and verified its repair certification.

Reviewing driver name

Reviewing driver signature

Review date

Attach extra pages as needed with the vehicle ID and report date. Keep the report and certifications for three months from that date.
